

Bulletin for all Cornell graduates using HCEC: June 2009

We are posting this to alert graduates of Cornell registering with the HCEC that you may have missed earlier email messages and newsletters because you could not access your online files.

We require all HCEC registrants to have active Cornell net IDs and passwords to provide you with security for your private information. If yours is not active, please inform yourself at:
<http://www.cit.cornell.edu/services/netid/about/faq.cfm>.

We use email to alert you to newsletters in your online file. It is your responsibility to make sure we have an email address that works. Since email is not foolproof, you will want to check your online file on a weekly basis for these newsletters.
