3M

come see us

Wednesday, September 5

3M is a global innovation company that never stops inventing. Over the years, our innovations have improved daily life for hundreds of millions of people all over the world. We have made driving at night easier, made buildings safer, and made consumer electronics lighter, less energy-intensive, and less harmful to the environment. We even helped put a man on the moon. Every day at 3M, one idea always leads to the next, igniting momentum to make progress possible around the world.

Ab Initio Software

come see us

Wednesday, September 5

Ab Initio Software is a general purpose data processing platform for enterprise-scale, mission-critical applications such as batch- and real-time processing for data warehousing, operational systems, transactional systems, and analytics. Ab Initio solves the problems of scalability, development time, performance, metadata management, and integration at the world’s largest companies.

Accenture

come see us

Thursday, September 6

Accenture is a leading global professional services company, providing a broad range of services and solutions in strategy, consulting, digital, technology, and operations. Combining unmatched experience and specialized skills across more than 40 industries and all business functions—underpinned by the world’s largest delivery network—Accenture works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders. With more than 401,000 people serving clients in more than 120 countries, Accenture drives innovation to improve the way the world works and lives.

Activate Inc.

come see us

Thursday, September 6

Activate is a new model for management consulting focused on the intersection of new and old media. We help our clients with their overall growth strategy, but also work closely with them to launch new businesses. Our clients include major online and magazine publishing, television and cable, social media, and retail companies. One of our points of distinction is our senior management team, as our executives have real-world operational experience at blue chip media and technology companies; from the former president of MTV to the first employee at the firm that built one of the very first apps on the iPhone.
Adobe Systems

Changing the world through digital experiences is what Adobe’s all about. We give everyone—from emerging artists to global brands—everything they need to design and deliver exceptional digital experiences. We’re passionate about empowering people to create beautiful and powerful images, videos, and apps, and transform how companies interact with customers across every screen. We’re on a mission to hire the very best and are committed to creating exceptional employee experiences. We realize that new ideas can come from everywhere in the organization, and we know the next big idea could be yours.
