**Your conclusion/overall recommendation:**

Letters of recommendation are a critical component of the admissions process for applicants to professional schools of human medicine. The Health Careers Evaluation Committee often quotes directly from your letter when preparing the narrative evaluation of each applicant. We use your comments to illustrate the impressions we otherwise draw from applicants’ written materials.

Please submit your letter on official letterhead, dated, and signed. Your letter will be attached to the HCEC letter of evaluation and sent through secure electronic transmission to the medical or dental school application service(s).

Thank you for writing on behalf of this applicant.

Sincerely,

Brian F. Chabot Ph.D.
