Summer Internship Programs

Off-Campus Paid Opportunities

Federal Work-Study Eligible Students

Develop Your Own (DYO) Summer Internship Program
Students find or develop a paid, career-related internship off-campus with a non-profit or small business. Employers receive a partial reimbursement (50-75%) of hourly wages.

New York City Public Service Corps (NYCPSC)
Students are assigned to work with a city department in one of the five boroughs of New York. There is an agency that assists with matching students with opportunities.

Sophomores and Juniors (Regardless of Financial Aid Status)

Blumenthal Summer Internship Program
Provides stipends for fourteen students interested in social justice or human service work with non-profit agencies in New York City or Westchester County.

Iscol Internships for a Sustainable Future
Provides funding for three paid scientific internships at the Environmental Defense Fund (EDF) to work on an aspect of sustainability and may be located in NYC, DC, Boston, or San Francisco.
