CHURCHILL

Do you have a GPA above 3.8? Do you have significant research experience in mathematics, engineering, or the sciences? Would you like to spend a year at Cambridge University? The Winston Churchill Foundation Scholarship provides for a year of graduate study in engineering, mathematics, or science at Churchill College, Cambridge University. Applicants must be U.S. citizens between the ages of 19 and 26 with a B.A. or B.S. You may be enrolled in a master's program but not a doctoral program. **Cornell endorsement is required.** Campus application deadline: **Early October.**

GOLDWATER

Are you a sophomore or junior with a GPA of 3.85 or higher? Do you intend to pursue a career in mathematics, the natural sciences, or some fields of engineering? Is your ultimate educational goal a Ph.D.? The Barry M. Goldwater Scholarship covers undergraduate expenses up to \$7,500. **Cornell endorsement is required. NOTE TO PREMEDS: Only those who are pursuing an MD/Ph.D. degree are eligible; those who intend to practice clinical medicine need not apply.** Campus application deadline: **Late December.**

LUCE

Would you like to spend a year in Asia? Can you demonstrate leadership skills? Do you have a clearly defined career interest in a specific field? Do you have a record of outstanding achievement? The Luce Scholarship Program provides stipends and individually arranged internships to increase awareness of Asia among future leaders in American society. Applicants must be U.S. citizens under 30 years of age and have demonstrated leadership in a chosen field. Applicants may NOT have a professed career interest in Asian affairs or have had significant exposure to Asia. **Cornell endorsement is required.** Campus application deadline: **Early October.**

MARSHALL

Do you have a GPA of 3.7 or higher? Are you interested in graduate study in the United Kingdom? The Marshall Scholarship funds two years of study at the university of your choice in the United Kingdom. In addition to academic excellence, selection committees are looking for distinction of intellect and character as well as extracurricular breadth and a desire for service to society. Applicants must be U.S. citizens who have graduated or will have graduated from their undergraduate institution in the last two years. **Cornell endorsement is required.** Cornell students should inquire about the application process during the spring of their sophomore or junior year. Campus application deadline: **Mid-August.**

MITCHELL

Would you like to do graduate work in Ireland? The Mitchell Scholarship supports one year of graduate study at one of the eleven institutions of higher learning on the island of Ireland. Applicants must be U.S. citizens under the age of 30 with a record of intellectual distinction, leadership, extracurricular activity, and service to others. **Cornell endorsement is required.** Campus application deadline: **Mid-August.**

RHODES

Do you have a GPA of 3.85 or higher? Are you interested in graduate study at Oxford University? The Rhodes Scholarship provides two years of study at Oxford University in the field of your choice. Committees look for distinction of intellect and character, which in combination offer the promise of effective service to the world. The Rhodes Trust offers scholarships in over 22 designated Rhodes constituencies, *as well as the newly established Global Rhodes Scholarship.* Age limits vary, depending on the constituency, from 18 to a maximum of 24. Applicants must have earned a Bachelor's degree before embarking on the Scholarship. Citizens of eligible countries apply through their home countries or, in some cases, through the U.S. competition. **Cornell endorsement is required.** Cornell students should inquire about the application process during the spring of their sophomore or junior year. Campus application deadline: **Mid-August.**

TRUMAN

Are you committed to a career in government, education, or the public sector? Are you interested in public policy? Do you want to make a difference? Are you a leader? Do you have a solid record of public and community service? The Harry S. Truman Scholarship provides up to \$30,000 for graduate school to students with outstanding leadership potential who plan careers in government or public service. Many fields are eligible such as public health, biology, psychology, government, international relations, engineering, agriculture, environmental management, law, education, history, economics, sociology, and others. Applicants must be U.S. citizens and full-time juniors with a GPA of 3.5 or higher who have a demonstrated commitment to a career in public service. **Cornell endorsement is required.** Campus application deadline: **Early January.**

UDALL

Are you committed to the environment? Planning a career in environmental public policy? Interested in alternative energy, sustainable development, or waste management? Going into environmental law? The Morris K. Udall Scholarship supports a) sophomores and juniors who demonstrate outstanding commitment to careers related to the environment and b) Native American and Alaska Native sophomores and juniors who demonstrate commitment to careers related to health care or tribal public policy. Many fields are eligible such as health care, the natural sciences, engineering, government, history, urban planning, policy management, economics, agriculture, cultural studies, and others. **Cornell endorsement is required.** Campus application deadline: **Mid-February.**

AWARDS NOT REQUIRING CORNELL ENDORSEMENT

American Society for Microbiology: Undergraduate Research Fellowship (ASM-URF)

<https://www.asm.org/Fellowships/Undergraduate-Research-Fellowship> Ph: 202-737-3600

For those seeking graduate careers in microbiology. Conduct summer research projects working with faculty ASM members at the students' home institutions. Submit research abstracts for a presentation at ASM General Meeting. Up to \$4,000 stipend and \$2,000 travel to the General Meeting. **Deadline: February 15, 2020.**

Amgen Scholars Program

<http://www.amgenscholars.com/>

During the summer program, students work full-time on independent, cutting-edge research under the guidance of top faculty at select institutions in either the U.S., China, Japan, or Singapore. U.S. citizens or U.S. permanent residents who are sophomores, juniors, or graduating seniors (who are returning in the fall to continue undergraduate studies), and whose goal is to pursue a Ph.D. or M.D.-Ph.D, are eligible. No previous research experience is necessary. Financial support is provided; details vary, depending on the host institution. **Deadline: February 1.**

Gates Cambridge Scholarships

<https://www.gatescambridge.org/>

The Gates Cambridge Scholarship is awarded to outstanding applicants *from countries outside the UK* to pursue a full-time postgraduate degree in any subject available at the University of Cambridge. Students must first apply directly for admission to Cambridge and make a separate application for the scholarship. Applicants must demonstrate exceptional academic achievement, potential for scholarly development, and a commitment to use the benefits of their education for the common good. **Foundation Deadline for U.S. citizens: October. Foundation deadline for non-U.S. citizens: Early December or early January, dependent on course selection.**

Knight Hennessy Scholars Program

<https://knight-hennessy.stanford.edu/program/funding>

E-mail: khscholars@stanford.edu

Ph: 650-721-0771

The education of Knight-Hennessy Scholars is fully funded for any graduate degree at Stanford. The program funds up to the first three years of graduate education. If the degree program exceeds three years - such as an MD or PhD program, or a Stanford dual- or joint-degree program - then the Stanford home department will fund the remainder of the education to the extent consistent with its standard funding commitment for that program. **Deadline: October 10, 2019.**

National Health Service Corps Scholarship Program

<https://nhsc.hrsa.gov/scholarships/index.html>

Ph: 1-800-221-9393

Federal 4-year scholarships available for U.S. citizens or U.S. nationals who are, or will be, enrolled in schools of M.D. or D.O. programs, or Dental Medicine, Nurse Practitioner or Nurse Midwifery Education, or Physician Assistant Training. *Minimum service obligation of 2 years at an approved outpatient facility in a rural community.* Scholarship includes school tuition and fees and a monthly stipend. **Next application period: Spring 2020.**

NIH Undergraduate Scholarship Program (UGSP)

<https://www.training.nih.gov/programs/ugsp>

E-mail: ugsp@nih.gov

Ph: 301-402-3831

Scholarships to students from disadvantaged backgrounds who are committed to careers in biomedical, behavioral, and social science health-related research. Up to \$20,000 in tuition support and living expenses per year, renewable for up to 4 years. U.S. citizenship or permanent residency required. NIH *service obligations*, including a 10-wk summer lab and 1-year employment at the NIH for each year of the scholarship received. **Next application period: Early January.**

NIH Graduate Partnerships Program

<https://www.training.nih.gov/programs/gpp>

E-mail: GPP@NIH.gov

Ph: 301-496-2427

The GPP links the NIH with universities in the graduate-level training of students. The award covers stipends, health benefits, and tuition support, which is renewable for up to 5 years based on the student's progress. U.S. citizens, U.S. permanent residents, and international graduate students are eligible.

NIH Marshall Scholarships

<http://www.marshallscholarship.org/applications/nih>

To be eligible, applicants must first be selected as Marshall Scholars. Applicants should also apply to the oxcam programme <<https://oxcam.gpp.nih.gov/prospective-students/how-apply>>. The scholarship accommodates students seeking combined MD/PhD training for a career as a physician-scientist. Students admitted to the **NIH MD/PhD Partnership Training Program** conduct research in the NIH intramural research program as part of a coordinated plan of dual-degree training with a U.S. medical school. More details can be found at <https://oxcam.gpp.nih.gov/>

NSF Research Experiences for Undergraduates (REU) Program

<https://www.nsf.gov/crssprgm/reu/index.jsp>

E-mail: reu.coord@nsf.gov

Ph: 703-292-4625

The NSF offers paid summer internships for qualified undergraduate students to conduct research projects with AMNH scientists either in evolutionary biology, physical sciences, or linked to specific individual research projects. Students are granted stipends and, in many cases, assistance with housing and travel. Open to U.S. citizens and permanent residents. *Students must contact the individual REU sites for detailed information and application materials.*

NSF Graduate Research Fellowship Program (GRFP)

<https://www.nsfgrfp.org/>

E-mail: info@nsfgrfp.org

Ph: 866-673-4737

Provides 3 years of support for the graduate education of individuals who have demonstrated their potential for significant achievements in science and engineering research. (\$34,000 annual stipend and \$12,000 cost of education allowance) for graduate study at an accredited U.S. graduate institution leading to a master's or doctoral degree. Intended for students who have completed no more than 1 year of full-time graduate study at the time of their application. Applicants must be U.S. citizens, nationals, or permanent resident aliens of the U.S.

Electronic submission: <https://www.fastlane.nsf.gov/grfp>

Deadlines range from October 21, 2019, through November 1, 2019, depending on the field. Refer also to the Graduate Research Opportunities Worldwide (GROW)

https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504876

E-mail: GROW@nsf.gov

Ph: 703-292-8694

NSF Graduate Fellows are provided an international travel allowance to engage in research collaborations with investigators in partner countries outside the U.S.

Paul and Daisy Soros Fellowship for New Americans

<https://www.pdsoros.org/>

E-mail: PDSoros@pdsoros.org

Ph: 212-405-8234

The fellowship supports up to two years of graduate study in any field at an institution in the U.S. "New Americans" – immigrants or children of immigrants – must be 30 or younger as of the application deadline and pursuing a graduate degree full-time in the U.S. in the academic year 2019-20. Applicants may apply to the fellowship at the same time that they are applying for graduate school, or after they are already enrolled in graduate school. If an applicant was born abroad as a non-U.S. citizen, they must have been naturalized, be a green card holder, be adopted, or be a Deferred Action for Childhood Arrivals (DACA) recipient. If an applicant was born in the U.S., or was born abroad as a U.S. citizen, both parents must have been born abroad as non-U.S. citizens. **Application deadline: November 1, 2019.**

SMART (Science, Math, & Research for Transformation) Scholarship

https://smartscholarshipprod.service-now.com/smart?id=smart_index

E-mail: SMART@SMARTscholarship.org

Ph: 571-633-7940

Full tuition and annual cash stipend to freshmen through Ph.Ds pursuing a degree in STEM disciplines. Includes summer research internships. Applicants must be at least 18 years old and U.S. citizens. *Service requirement commensurate with the length of award funding, post-degree civilian employment with the Department of Defense.* **Deadline: December 1, 2019.**

The Tylenol Scholarship Program

<https://www.tylenol.com/news/scholarship>

E-mail: Tylenol@applyISTS.com

Ph: 1-877-TYLENOL (1-895-3665)

The Tylenol Scholarship Program is available to both undergraduate and graduate student applicants who intend to pursue a career in medicine and health care. Awards of \$5,000-\$10,000 are offered. Applicants judged on leadership qualities and academic performance. The award can be used at any accredited university or college in the U.S.

Deadline: June 27, 2019.

FUNDING RESOURCES for DENTAL, NURSING, and PHARMACY STUDIES

[For an overview of awards: *Peterson's Scholarships, Grants & Prizes 2019*]

DENTAL SCHOLARSHIPS

ADA Foundation

<http://www.adafoundation.org/en/how-to-apply/education>

Scholarships for students pursuing diverse careers in dentistry. Includes education-related and living expenses. Foundation scholarship programs include the Dental Student Scholarship and the Underrepresented Minority Dental Student Scholarship.

Health Professions Scholarship Program (HPSP)

<http://medicineandthemilitary.com/joining-and-eligibility/medical-school-scholarships>

The U.S. Armed Services offers scholarships to dental students that pay full tuition, expenses, and a cost-of-living stipend. *One year of service required for every year of funding received.*

National Health Service Corps (NHSC) Scholarship Program

<http://nhsc.hrsa.gov/scholarships/index.html>

The scholarship pays tuition, fees, other educational costs, and provides a living stipend in return for a commitment to work at least 2 years at an NHSC-approved site in a medically underserved community.

American Dental Education Association (ADEA)

<http://www.adea.org/studentawards/>

A comprehensive resource on financing dental school for differing levels of dental students.

Summer Health Professions Education Program (SHPEP)

<http://www.shpep.org/>

SHPEP is a FREE (full tuition, housing, and meals) summer academic enrichment program that undergraduates, including those from underrepresented and disadvantaged backgrounds, intensive and personalized medical and dental school preparation.
